

ML Series

Single-Phase Capacitor Start and Capacitor Run Asynchronous Motors

Aluminum Housing

ML series aluminum housing single-phase dual-capacitor asynchronous motors, with latest design in entirety, are made of selected quality materials and conform to the IEC standard. ML motors have good performance, safety and reliable operation, the multiple of starting torque is up to 2.5. These series motors are suitable for the occasion where the requirements of big starting torque and high over load, such as air compressors, pumps, and many other small machines.
